

## CFI Mission to Egypt

We went there not knowing one single person, due mainly to security, and in one day the Lord opened up a great opportunity of ministry that reached thousands with the power of the gospel. There was one month's itinerary of ministry packed out. Many were healed and others came to know Jesus. Our plan is to work with the churches training pastors for the Middle East. We have a Pastors Conference there in 2010. *Christ in You* is being translated into Arabic. We are working on an internet outreach tool of evangelism to Arabic nations now, linked up with churches for follow up.

Boy healed of growth on his neck

Most of us take eating for granted, but for this boy it is a real treat. He had a growth on both sides of his neck which meant he could not eat, but could only take fluids. His mother brought him for prayer and the Lord healed him. Two days later the mother returned and the growth was gone and the boy was eating.

Deaf lady healed

When a lady started motioning to Henry from the back, he wasn't sure what to do. He could see that she had faith and he looked at the leader of the meeting who nodded. Henry took that to mean "call her down". He called her forward and she was immediately healed. Those present knew her and news of this miracle spread far and hundreds more heard

the gospel. Henry was unaware that this photo was being taken.

A lady blind in her left eye healed

While the gospel was being preached this lady was sitting amongst the people with her two daughters. She was blind in one eye and was suffering pain. She was booked into hospital for an operation in two days time. Henry heard a noise where she was sitting. The Lord had healed her and she was telling her daughters that she could see her from the blind eye and that the pain had gone. Then Henry called her out and started testing her sight for himself. But she wasn't interested in another test. She was too happy and said "I can see".

Demons cast out: Henry with his main host and the host's mother. In the first meeting in Egypt a demon possessed lady screamed. People tried unsuccessfully to control her. They locked the windows for security as her voice was very loud. After the service she was well. The news of this spread far and many came to hear the gospel.

An old man heard about this and came to the next meeting. While the gospel was being preached he stood up on his feet and started speaking in tongues and after the meeting he continued. You could see that it was nothing but the joy of the Spirit from the gospel of Jesus Christ.

Henry spoke to Coptic believers and Priests and at AOG, Methodist, Presbyterian, Church of Christ, Baptist and Independent Churches, at Cairo University and at Pastors Meetings. Here he was invited by a prestigious lawyer to speak at his wedding.

In Tanta a Muslim family came as they had heard what the Lord was doing. They gave their lives to Christ. A Muslim young son was sick and Henry prayed for him. The mother didn't want prayer as she saw someone else fall down. So Henry had to get chair and promise her she wasn't going to fall.

A Muslim man came to another meeting and gave his life to Jesus. After the meeting the man followed Henry to the train and to his station and Henry thought he was being monitored, but the man just wanted to talk. Later he asked Henry to come to his house to pray.

In one meeting over fifteen people gave their life to Christ.

This lady is a Coptic believer and works inter-denominationally. Her ministry is mainly to ladies as ladies are not allowed to mingle with men and miss out on a lot of ministry. She ministers as far as Syria.

Henry is thinking of linking with her as a contact into Syria for later connection to help church leaders there.

These are two of four who went on mission to Sudan. Their vehicle was sprayed with bullets. One died, one was shot in the leg and the lady was shot through both legs. She still has many bullet particles in both limbs that surgeons cannot remove. Henry spoke about going back to Sudan with them. The lady is willing and said

“even now”. They built a building for a church when they saw the need and suffering of the believers in Sudan. Hey - We are one body! They carried water and stones with the Sudanese to build.

Youth from Alexandria dressed in yellow t-shirts, went from house to house in Tanta to gather people for an outreach

with Henry. The pastor (old man in the foreground) translated T.L. Osborn's films into Arabic in the 1960's. He and Henry spoke for a long time about his missions works over the years. He sang a song about Black Gold (Africans Jesus died for), which he wrote for his missions work in Kenya. Henry asked and recorded it to sing in Jos. God has kept him for 58 years in the gospel in the midst of crisis. He has seen many Muslims come to Jesus. He will be coming to CFI's conference in Egypt next year.

Henry Teaching Doctors, Pharmacists, Lawyers and Students of Cairo University. This fellowship is building a team to preach the gospel in Egypt. Henry preached and later one of the doctors came to visit Henry at Alexandria to hear more from the scriptures and stayed with him the whole day.

Many people came to Henry's apartment after meetings to pray and hear the word of God, staying to 1 or 3 am. These are Coptic, Church of Christ and AOG believers.

The lady with her thumbs raised is Henry's Arabic teacher, a student of English at the University of Alexandria. Her father invited Henry for tea. Henry bought a book from Alexandria Library and is now studying Arabic.

The manager has been co-operating wonderfully with CFI, as everyone in Egypt has been. Pastors will be bussed in from all over Egypt and the upper-Egypt. We are hoping for pastors to come in from other Middle Eastern nations.

A ministry from Upper Egypt brought their youth leaders to Alexandria for a camp meeting and invited Henry to preach. A delegate said to Henry "Your coming has changed the tempo of this meeting and I believe it will continue to way you left it."

A Business Man asked Henry to Come to His Apartment to Pray For Him. He had been experiencing difficulties (despite appearances in the photo!) He is being set aside from markets due to his faith.

Children at Henry's Host's Church Prepare for their Summer Camp-meeting.

We really thank the Lord for all his blessings in Egypt. We pray that it will be an open door into much of the Middle East in years to come. God is good!

\*The woman mentioned in a photo above (see\* above) is the widows ministry leader, that includes outreach to all women as well as to hundreds of widows. She is a dynamic believer. She goes about collecting food and cloths and shares them with widows and holds meetings to encourage them in the word of God. One Christmas she could not get enough food to share with others. In the morning she was to share food she prayed and asked the Lord to multiply the food. She then bathed and she received a call from outside from a man. She didn't know him but he was a truck driver. He said, "I was asked to give you this." She asked by whom. He told her but she didn't know the man the driver mentioned. He had emptied his warehouse of all sorts of food. Every item (such as rice, beans, macaroni, etc) was one ton each. It was more than enough, the best year for the widows.
