Muslim converts flee for their lives

Pictured left are three people who have come to know the Lord at Miya, one of our mission stations in Bauchi State. Their lives are in danger so they have been moved to Jos. The couple (centre and left) are part of the royal family in Miya (who Kent recently visited). They have been coming to our church meetings in Miya and eventually

have declared their stand for Christ. All their property was taken except some few animals (sheep). After sometime the people wanted to kill them and so they came to our mission station for help. Our missionary in Miya and the couple decided that it is better to come to Jos for now. We sent them to Danzigi's and they have been there up till now.

Solomon – a nominal Christian comes to life

I was born into the COCIN Church in Plateau State, Angwan-Kare. I grew up there and am now married and have children.

When I joined Pentecostal Christian Faith Assembly I was greatly blessed by the service. In this branch of the COCIN Church there is little or no serious teaching of the word of God but in PCFA the word of God is explained in a way that blesses my life, causing drastic changes in me. I want everybody to know of this change in my life.

When confronted by my brothers who are leaders in the COCIN Church I boldly told them the change in my life that I had encountered in PCFA.

Also, I love the reception the pastors give me, the handshakes, smiles, it was wonderful.

The prayer, praise and worship in the church are lifting. The church sends text messages to me that I appreciate. The pastors also come to visit me often. We talk, pray and it is such a blessing.

Last Sunday I was glad when I was allowed to take the Lord's Supper. In COCIN I would not have been allowed for I have two wives.

I thank God for this and give God the glory.

(Ed: COCIN is a very good denomination. While our brother shares his experience in the Lord this is in no way a comment on another ministry God is using tremendously. There may have even been good teaching in his particular branch, but God chooses the time when he opens our ears and our circumstances are different. So long as Jesus is lifted up!)

Featuring Barki-Ladi Church Jos – Jesus changing hearts

My names are Henry Yillaham Rings and I am an assistant pastor at Pentecostal Christian Faith Assembly Barki-Ladi branch. I would like to testify to the faithfulness, goodness, love, kindness, mercies, providence, protection and blessings of God over our lives.

The Lord is reaching, touching and restoring lives in this part of the world. Broken marriages are being restored. Families that are scattered are brought together in unity and love. The sick are receiving

their health. Men, women and children who are neglected, abandoned, despised and rejects in society (e.g. harlots, drunkards, hemp smokers) are being saved by the power of the gospel. Among many that are saved some worship with us as members while others are serving in other churches. Pam, Jonathan, Samuel and Joshua are among those whose lives have recently been changed. Thank you for your prayer for the new converts to be established and for the conversion of those who are yet to be saved.

God bless.

A member of Barki-Ladi church - Mador Matawal Dauda

I joined the church on the 3rd Feb. The next following I went on evangelism with pastor Henry Rings. We entered some beer parlours to preach and then to the homes of those who are members in our church and we had the Communion with them. As we preached the gospel non Christians they asked some unreasonable questions but God gave us wisdom and victory over them. The people are religious without faith, but God still uses us to settle some family problem and this is opening their eyes to the Lord.

There was a woman that was pregnant and she was supposed to deliver in February, but the month passed and the baby was not delivered. I was going to visit our member's house, but on my way this lady saw me and called my attention saying she was looking for me or my pastor to pray for her because of her condition. I and my pastor (Henry Rings) went to her house and prayed with her and her family. She gave birth that same day. There are some people we prayed for and they received their healing. We thank God for what He is doing in Barkin-Ladi Church. Glory and honour belong to Him!

Pentecostal Christian Faith Assembly is the registered name of the church in Africa and parent organisation of Christian Faith Institute in Jos. PCFA starts churches and currently has about 20 pastors.
